GRADE 5

L.H.R. Marine Ltd (Aberdeen) and Feuerstein GmbH (Germany) are both committed to providing customers with the best quality products and solutions. With the industry having an ever rising requirements for higher grade material and stronger chains we are pleased to introduce to the market place feubo Grade 5 mooring accessories. Grade 5 not only provides an improved mechanical strength of approximately 16% but also has an increased fatigue life and a greater resistance to stress and corrosion.

Grade 5 versions are available for the majority of the accessories in the Feuerstein range, giving clients the versatility to connect to Grade 5 chain in ways which were previously unachievable. The feubo Grade 5 fittings and accessories have been approved by ABS, DNV and Lloyds making them suitable for the majority of applications around the world. Many of these accessories have been manufactured and are being held in stock by L.H.R. Marine Ltd.
