

Sling, dyneema 12mm / 17cm

S12D017

Short dyneema sling, ideal for device or anchor point attachment / extensions

Round loop sling dyneema 12mm width, can be used end to end or wrapped around as a strop.

Allows connection to an anchor point that may be too large to connect directly to.

Sewn dyneema sling can also be used to extend an anchor point to a more suitable location.

Individual ID number for identification and tracking.

Available in 17cm length.
